Angela dedicated her career to caring for others at Kindred Hospital, where her compassionate nature and gentle touch made a lasting impact on countless lives.

Beyond her professional achievements, Angela had a passion for life that was evident in all she did. She found joy in nurturing her garden, creating culinary

delights, and entertaining friends and family. Angela had a deep appreciation for nature, often finding solace by the water, at the beach, and during those breathtaking sunsets that painted the sky with hues of orange and pink—moments that she cherished and shared with those she loved through her countless pictures. Angela's spirit will forever live on in the hearts of her family and friends. Her legacy of love, compassion, and joy will continue to inspire all who had the privilege of knowing her.

As we remember Angela, let us celebrate her life—a life filled with love, laughter, and a commitment to nurturing the beauty in both nature and relationships.
